Discussion Points:

- Getting most recent tournament based on configurable settings **(Michael)**
- Working on formatting **(Michael)**
  - Think the best way to display things is to rotate what information is being displayed so working on that
- Meeting at some point TBD later this week for look more at final deliverables
  - Work on the new specifications/test cases a little before then

Goals for next week (include responsibilities)

- Finish all functionality regarding disc golf module **(Michael)**
  - Fine with a little bit of css formatting to do next week
- Work on new SRs and Test Cases for them **(Both)**
- Think about how we want to do demonstration **(Both)**
